February 14, 1989

**INFORMATION LETTER 89-4**

**SUBJECT: Amendment to the Peace River Oil Sands Area**

The Energy Resources Conservation Board has amended the Peace River Oil Sands Area by Order No. OSA 2A dated December 8, 1988.

The oil sands rights in Area 1 shown outlined on the attachment to this letter are now described as being the strata identified between the top of the Peace River Formation and the base of the Gething Formation.

As a result of this order, current and future petroleum and natural gas agreements within Area 1 now grant the right to petroleum (in addition to any other rights held) for those leases which include zones from the base of the Gething Formation to the base of the Rundle Group. There are currently no oil sands leases in Area 1.
